

Fruit and Vegetable Industry Advisory Committee

Prior Roster | 2018-2020 Representatives

Originally chartered in 2001, the FVIAC advises the Secretary of Agriculture on issues affecting the fruit and vegetable industry. Committee members represent organic and non-organic growers, shippers, wholesalers, retailers, industry trade associations, importers, processors, foodservice suppliers, food brokers, state departments of agriculture and farmers markets on local, regional and national levels.

USDA's Agricultural Marketing Service (AMS) ensures the committee is administered according to the Federal Advisory Committee Act.
